(U. S. Military Academy, West Point, New York.)
PROF. OF MILITARY SCIENCE AND TACTICS, AND COMMANDANT OF CADETS.

MISS G. C. PRICE,
(Greenville Female Seminary.)
PRINCIPAL FEMALE DEPARTMENT.

NORTH GEORGIA AGRICULTURAL COLLEGE.

REPORT.

TO THE TRUSTEES OF THE UNIVERSITY OF GEORGIA.

GENTLEMEN—I have the pleasure of making the tenth annual report of the transactions of the North Georgia Agricultural College.

A few changes, only, have taken place the past year. Prof. E. H. Beck, in consequence of declining health, and other reasons, resigned his place in the faculty last November, and is now engaged in prosecuting, as engineer, an important mining enterprise in the neighborhood of Dahlonega—making the second professor we have given, in the last few years, to the development of the immense mineral resources of this section.—Prof. Beck's place has been filled by the election of Prof. Walter S. Wilson, a graduate of the class of 1880, of this Institution.

Having for some time past felt the need of a female teacher in the Female Department, the Board of Trustees, at the solicitation of the Faculty, elected Miss G. C. Price, to fill that important position. Since March last she has had charge of the young ladies, as well as some male students who were not graded in the other departments.

NUMBER OF STUDENTS.

Notwithstanding many drawbacks the past year, the attendance has been about equal to that of former years.

It was only a few weeks ago we received the desks for the Female Department. A sufficient number of desks have been bought for the other Departments, but will not arrive before August. The Primary Department, for two years past, has been conducted in a building on the premises, but the teachers have been compelled to look to the patrons for their pay. Still, they are considered under our charge. The report of attendance is as follows:

In the higher grades.....	177.
In the Primary Department.....	56.
Total.....	233.

FURNITURE AND APPARATUS.

There is yet a great lack of suitable furniture and apparatus. The former will soon be obtained, but the latter is not on hand, nor can we furnish it with our present means. We still hope the General Assembly will yet give us the means to enable us to teach the sciences properly.

WHAT THE LEGISLATURE DID.

The claims of our College, after being ignored for three years, were at last considered and discussed by the General Assembly of 1881, and one half of the appropriation asked for was, after a very trying ordeal, voted by both houses—and promptly approved by the Governor. The appropriation, amounting to \$10,000, was not all that was accomplished.—The General Assembly has declared that the College is a part of the University of Georgia, and as such is entitled to aid from the public treasury, when the same can be afforded. It has decided, also, that the North Georgia Agricultural College is a part of the system inaugurated by Congress in 1852, and which the State, by her acceptance of the scrip, is bound to support. The debate which preceded the vote on the bill did a great deal toward making the people of the State understand the relation which our Agricultural Colleges sustain toward the State University, as well as to the State and General Governments.

WHAT WE HAVE DONE.

As quickly as we could after the building was destroyed in 1878, we went to work, and by the summer of 1880 had progressed very considerably, when the work was stopped because we could borrow no more money. In 1880 and '81 we procured other sums, and continued the work. The following statement will show

WHAT WE HAVE EXPENDED. AND WHAT WE HAVE RECEIVED.

Expended to May, 1880.....	\$8,035. 98
" " from May 1880 to Dec. 31 1881.....	6,901 59
Paid on interest account.....	985 62
Paid by treasurer from special fund on account of tin roof.....	500 00
	<hr/>
	\$16,423 19

Since January 1882 we have expended for work, desks bought in New York, etc.....	327 75
	<hr/>
	\$16,750 00

Which amount of Expenditures has been paid from the following sources :

State Appropriation.....	10,000 00
Borrowed from sale of Price bonds.....	3,066 04
" " T. S. White fund.....	500 00
" " Teachers' fund.....	2,500 00
Due to W. P. Price, to date.....	684 90
	<hr/>
	\$16,750 94

From the above statement it will be seen that the College is owing, and will have to replace, the following sums :

To the T. S. White fund, library.....	\$500 00
" " Price fund.....	3,066 04
" " Teachers' fund.....	2,500 00
Replace borrowed money.....	684 90
	<hr/>
	\$6,750 94

There is outstanding indebtedness, to architects and others,
about..... 400 00

WHAT IS YET NECESSARY.

The building requires at least \$5,000 to complete it. If the General Assembly will appropriate the remaining \$10,000 asked for, we can complete the building, and replace most of the money borrowed from individuals, and the several funds from which sums have been borrowed. The building has been built economically. In a few instances we have been compelled to lose a little by stopping work for lack of means and beginning again when the price of labor had advanced. In the opinion of all who have examined it, the building is one of the most substantial, as well as elegant, school buildings in the State, and for which the people can be justly proud.

TEACHERS.

This year we will commission 56 young men and young ladies to teach in the common schools. Many of those sent out on former years are still teaching, and are reflecting the highest honor on the Institution.

BOARD OF VISITORS.

I earnestly recommend that you appoint from your number a committee to visit the College in the month of September next, who shall critically examine the various departments of the College, its text books, curriculum, discipline etc.

While the local board have always had the right to elect the faculty, (except the President,) and to have exclusive charge of the discipline, still I think it highly important that you send a committee who shall look into these matters, and recommend and suggest all changes that may occur to them, and which in their judgment, would be most beneficial to the College and its pupils.

CONCLUDING REMARKS.

The health of the pupils, the past year, has been exceptionally good. No deaths have occurred.

I am unwilling to close this report without tendering the thanks of the Board to the members of your Board, to many citizens throughout the State, as well as to the patriotic and noble efforts of Senators and Representatives who so generously aided in carrying our measure through the General Assembly, over the most persistent and violent opposition. The good that the North Georgia Agricultural College has done, can now be seen on almost every hand. Ten years of faithful work has told greatly upon the minds and hearts of the people. Children are being taught by our pupils in nearly every section of the State. Our young men have gone forth into the professions—into the fields and work shops, from our halls and are helping to develop the great and diversified interests of the State. They are building our railroads and canals. They are bringing to light the hidden wealth of our mines. The State cannot lose anything by further fostering this Institution, which is no longer a mere foundling, but has at length been welcomed by the State into the family of Colleges, as one of its favored and legitimate offspring.

Respectfully,

W. P. PRICE,

President Board of Trustees.

Approved by the Board.

COURSE OF STUDY.

—❧COLLEGIATE DEPARTMENT.❧—

FRESHMAN CLASS.

LATIN.—Cæsar; Virgil; Cicero; Grammar.

GREEK.—Harkness' First Book; Greek Reader.

MATHEMATICS.—Robinson's University Algebra; Loomis's Geometry, through the Sixth Book.

NATURAL SCIENCE.—Physiology; Natural Philosophy.

ENGLISH LANGUAGE AND LITERATURE.

SOPHOMORE CLASS.

LATIN.—Horace; Cicero; Sallust; Latin Prose; Roman Antiquities.

GREEK.—Prose Composition; Anabasis; Homer.

MATHEMATICS.—Loomis's Geometry, completed; Plane and Spherical Trigonometry, (Robinson's); Murray's Surveying.

NATURAL SCIENCE.—Physical Geography; Physics; Elementary Chemistry.

ENGLISH LANGUAGE AND LITERATURE.

JUNIOR CLASS.

LATIN.—Cicero's Ethical Works; Terence; Latin Prose Composition and Original Exercises.

GREEK.—Arnold's Greek Prose Composition; Heroditus; Xenophon's Memorabilia.

MATHEMATICS.—Church's Analytical Geometry; Miller's Descriptive Geometry; Church's Calculus.

METAPHYSICS AND RHETORIC.—Mental Philosophy; Moral Philosophy; Rhetoric.

NATURAL SCIENCE.—Roscoe's Theoretical Chemistry.

ENGLISH LANGUAGE AND LITERATURE.

SENIOR CLASS.

LATIN.—Composition; Quintillion; Juvenal.

GREEK.—Prose Composition: Alcestis of Euripides; Antigone of Sophocles; Prometheus Vincetus of Æschylus.

APPLIED MATHEMATICS.—Parkinson's Mathematics; White's Astronomy.

LOGIC AND GEOLOGY.—Logic; Dana's Geology.

NATURAL SCIENCE.—Agricultural Chemistry.

BACHELOR OF ARTS DEGREE.—Young men who satisfactorily complete the above course of study, will graduate with the degree of Bachelor of Arts.

Young ladies who complete the same course, French taking the place of Mechanics and Military Science, will graduate with the same degree.

YOUNG LADIES' DEPARTMENT.—The regular course for young ladies is the same as Bachelor of Arts course, omitting all the Mathematics except Arithmetic, Algebra and Geometry, and all the Greek except Syntax, Composition and Xenophon or Testament—and taking, instead, a course in one of the Modern Languages. Young ladies completing this regular course will receive diplomas and be declared graduates in the Young Ladies' Department of the N. G. A. College.

—❧❧ PREPBRATORY DEPARTMENT. ❧❧—

SECOND CLASS.

ENGLISH.—Swinton's Grammar and Composition; History of the United States.

LATIN.—Leighton's Lessons; Reader.

MATHEMATICS.—Arithmetic; Inventional Geometry.

GEOGRAPHY; PENMANSHIP; DRAWING.

FIRST CLASS.

ENGLISH.—Swinton's Grammar and Composition.

LATIN.—Leighton's Lessons; Reader.

MATHEMATICS.—Robinson's Arithmetic; Robinson's Elementary Algebra.

GEOGRAPHY; ZOOLOGY; PENMANSHIP; DRAWING.

—❧❧ PRIMARY DEPARTMENT. ❧❧—

The College has had since its organization a well attended Primary Department for those pupils over seven years of age, whose attainments do not admit of their entering the Preparatory Department.

To enter the latter department the pupils must pass an examination showing that they can read correctly, write legibly, and that they are prepared on primary geography, and in arithmetic, to decimal fractions.

—❧❧❧MILITARY DEPARTMENT.❧❧❧—

This department is under the immediate command of 1st Lieutenant George S. Hoyle, First United States Cavalry, a graduate of the United States Military Academy at West Point. The Cadets are organized into a battalion of two companies, which latter are officered by Cadets, selected by the Commandant, and chosen for their proficiency in drill, amenability to discipline, and high moral character. The military organization secures the enforcement of discipline with greater ease and less friction than any other, while the responsibility of the Cadets themselves for the observance of the regulations, inspires a greater trustworthiness and firmer moral tone, than can be obtained by any possible system of outside espionage.

THEORETICAL INSTRUCTION.

Recitations by Cadet officers only in Upton's Infantry Tactics, accompanying and proceeding with its application upon the drill-ground. A like instruction in the United States Artillery Tactics. In addition, lectures by the Commandant upon various living military topics, readings and discussions of military works, etc. It is desired here, rather to give the pupil a general knowledge of those fixed military principles which underlie the whole art of war, than to burden his time with the acquisition of technical military instruction, desirable only for the professional soldier.

INFANTRY DRILL.

The members of the battalion are drilled in the several schools in order: School of the Soldier (including bayonet exercise), of the Company (including skirmish drill), and of the Battalion. We find that the drill gives to the student exercise which is absolutely essential to health of body and mind, and which many of them would not take unless required to do so. The Cadets are drilled daily, Sundays excepted, when the weather permits. The drill hour is taken from the time allowed for recreation and exercise. The Battalion had 120 members during the past year, some of whom have been regular attendants for three years.

ARTILLERY DRILL.

The officers, non-commissioned officers and picked privates are frequently drilled in the "Manual of the Piece," circumstances, at present, preventing further progress in this drill.

GYMNASTICS.

In addition to the drill, gymnastic exercises, upon apparatus provided by the Commandant and the Cadets themselves, performed only under the direct example and observation of the Commandant, have been found extremely useful in improving and developing Cadets of unusual lack of symmetry or great muscular tenuity. The striking improvement in the physique, the health, and the manly bearing of Cadets after a single term's attendance, speak volumes for the value of the military feature of this College.

PHYSICAL DISABILITY.

Military drill and discipline are obligatory upon all male students above 15 years of age. Should a student be unable to perform the duties required in this department, he will be given a modified instruction suited to his strength, but no Cadet will be excused from drill or modified instruction except by a vote of the faculty, at a meeting of the same and upon satisfactory evidence and reason that the student should be thus exempted.

ARMS.

We have at present 150 Cadet Springfield rifles (breech-loaders) and accoutrements, and two three-inch wrought iron guns and carriages furnished by the General Government. A liberal supply of ammunition is also furnished yearly.

Target practice is frequently indulged in, under supervision of the Commandant, and the scores made are very creditable. Creedmoor targets and rules are used.

UNIFORM.

Uniforms are worn at all military drills and formations. The students in the Military Department are required to provide themselves with uniforms, consisting of coat, pants and cap, within one month from the time they enter the College.

Arrangements have been made by which the Cadet uniform, of splendid material, style and finish, can be obtained promptly, and at minimum wholesale prices—the cost of coat, pants and vest, being \$20.00. The cap can be obtained in the town; price, \$2.00. It is not required that Cadets off duty wear the uniform, but at the prices quoted, it is the most economical clothing obtainable, the Cadets pretty generally taking extra pains to keep their uniforms clean and neat.

—❧—OFFICERS OF THE CORPS OF CADETS.❧—

Geo. S. Hoyle, 1st Lieut. First United States Cavalry, Lieut. Colonel and Commandant of Cadets.

W. S. Wilson, Prof. of Latin, Major and Assistant Prof. of Military Science and Tactics.

STAFF.

G. H. Frey, Cadet Lieutenant, Acting Adjutant.

W. A. Ried, Cadet Lieutenant, Acting Sergeant Major.

COMPANY OFFICERS.

Co. A.

M. N. Stow, Captain.
G. H. Frey, 1st Lieutenant.
J. W. Boyd, 2d Lieutenant.
G. M. Napier, 1st Sergeant,
L. C. Peeples, Sergeant,
W. F. Jones, Sergeant,
Oscar Brown, Sergeant.
J. W. Singleton, Corporal,
F. C. Wilson, Corporal,
J. A. Wills, Corporal.

Co. B.

G. T. Wills, Captain.
W. H. Key, 1st Lieutenant.
W. A. Reid, 2d Lieutenant.
R. L. Longstreet, 1st Sergeant.
B. F. Lee, Sergeant,
W. S. Coleman, Sergeant.
J. H. Randell, Sergeant.
C. N. King, Corporal,
W. E. Woods, Corporal,
J. Longstreet, Corporal.

BATTALION PRIZES.

(Presented by the Commandant of Cadets, for skill in Manual of Arms.)

Sergeant prize—Cadet Sergt. J. W. Boyd, A. Co.

Privates prize—Cadet private H. D. Williams, B. Co.

STEVENS GOLD MEDAL.

Presented by J. P. Stevens & Co., Atlanta, Ga.

Won by Cadet-Lieut. C. G. Power, Roswell, Ga.

INFORMATION.

APPARATUS.

A valuable Philosophical and Chemical Apparatus, as well as useful and instructive Astronomical Apparatus, have been purchased and are now in use in the Department of Natural Science.

SOCIETIES.

Three Literary Societies have been organized in the College, to-wit: The Price Debating Society; the Decora Palæstra Society, and the Phi Mu. These Societies have done much toward the improvement of the young men of the College. The young ladies of the institution have likewise a society, composed of their number, which is called the Corona Hædera Society.

EXPENSES.

In estimating the expenses of students, all the principal boarding houses have been visited for the purpose of giving correct information with the following results: For monthly expenses of board and washing, \$8.00, \$11.00, \$12.00, \$15.00. Many of the students bring provisions from their homes, and thus reduce their expenses in money to \$3.00 per month. During the last year about thirty students have lived at a monthly expense of \$6.00 by furnishing provisions and paying \$2.00 for room and cooking.

Yearly expenses for books, paper, etc., from \$10.00 to \$20.00, and uniform, (worn all the time), consisting of cap, blouse and two pairs of pants, \$20.50.

From the foregoing data we find that the average daily expenditure can be brought down to twenty-nine cents, varying from that to seventy-five cents. Everything above this may be considered as decided extravagance upon the part of the student.

LOCATION.

Dahlonega is the county site of Lumpkin county, a village of six or seven hundred inhabitants, exclusive of students of the College. It is twenty-five miles by stage from Gainesville, on the Richmond and Atlanta Air-Line Railroad, and about seventy miles north of Atlanta. It is in the centre of Northeast Georgia, fifty miles from the State lines of Tennessee, North and South Carolina. The mountains lie all around and about the place, rendering it one of the most beautiful and romantic places in the South. Fine freestone water abounds everywhere, and mineral springs within easy walk of the College building that are regarded by eminent physicians and chemists as containing medicinal properties for the cure of many of the diseases which afflict residents of the low country, to-wit: chills, fevers and malarial diseases generally, and are specially recommended for rheumatism and dyspepsia. There are three churches in the place—Methodist Baptist and Presby-

terian. Two Sabbath-schools are regularly kept up. The *SIGNAL* is published weekly in the place. Its columns are always open for the publication of original compositions by the students, and will, from time to time, contain useful information concerning the College, its experiments, examinations, etc.

Students, on their arrival at Gainesville, will take the daily hack line for Dahlonega. Fare ranging from \$1.50 to \$2.00.

FALL SESSION.

The next Fall Session—which is the beginning of the scholastic year—commences on the first Monday in September, 1882, and continues, without interruption, until the 1st of February, at which time the Spring Term begins.

ADMISSION FEE.

No tuition fees are exacted of any student. An admission fee of five dollars, each term, is paid by those who are not in indigent circumstances. The latter are furnished with cards of admission by the Relief Committee. Just as soon as our means will allow, it is the design of the Board to require no fees whatever. The admission fees go entirely to defray the expenses of wood and repairs on the building, as there is no fund from which to meet these demands.

OBJECTS.

The educational intelligence afforded by this institution has especially in view the preparation of the pupil:

1. For the business and for the enjoyment of practical HOME and FARM life.

2. For the higher classes in the University of Georgia.

3. For the profession of teaching; and, as a passport to the same, Certificates of Proficiency in the studies of the several departments, and of qualifications to teach, will be granted by the trustees to students showing diligence, aptitude and progress in their education. The Faculty, by express authority of the Legislature, can grant licenses to the students in this institution to teach in the State schools without further examination.

NORTH GEORGIA AGRICULTURAL COLLEGE.

An Act to establish a Normal Department in the North Georgia Agricultural College, at Dahlonega, and to more efficiently provide for the Military Department of the same, and for other purposes.

Section 1. Be it enacted by the General Assembly of the State of Georgia: That as soon after the passage of this act as practicable, the Board of Trustees of the North Georgia Agricultural College shall be required to organize more fully and efficiently a Normal Department in said college. Said Board of Trustees shall, in connection with the State Board of Education, adopt such rules and regulations as may be necessary and proper for the free admission of such pupil, male and female—not less than one from each county—as may express the de-

sire and intention of following the business of teaching; the object being to provide, as early as possible, a sufficient number of able and efficient teachers for the common schools of the State, and to provide others, as may be demanded, from time to time. Said Board of Trustees shall have power, under terms agreed upon before the admission of pupils to this department, with consent of the parent or guardian, to send said pupils, during the fall months, to teach remote schools not otherwise provided for.

SEC. 2. Be it further enacted by the authority aforesaid, That said Board of Trustees shall be authorized to contribute to the support of such teachers as may be sent to remote school districts, from any fund in their hands not otherwise specially appropriated, such sums of money, which, taken with such aid as may be secured from patrons, as will enable them properly to subsist while so engaged; but nothing contained in this section shall authorize the schools so taught to be kept for a longer period than three months in any scholastic year. Said Board of Trustees are also authorized to provide room rent free to such pupils while attending the Normal Department, and such other aid as will enable such pupils to subsist upon the most economical plan. And the certificate of proficiency and licenses to teach, which may be granted by the Faculty of said college to such pupils as may be found to be qualified to teach, shall be countersigned by the President and Secretary of the Board of Trustees, and bear the seal of said institution; and the persons holding such certificates and licenses shall not be required to undergo an examination, or procure a license from any Board of Education or County School Commissioner, before they can teach in any of the common schools of the State, where they are employed by the patrons of the school. Approved February 23, 1877.

LIBRARY.

The institution has only a limited number of volumes at this time, a large number having been destroyed by the fire of 1878. Generous contributions have found their way to the college during the past year, which, we trust, will be largely augmented in time. To make up this deficiency, the large and valuable library of President Lewis, equalled by but few, if any private libraries in the State, has been generously thrown open to the use of students during the past year, for which the Trustees feel profoundly grateful. The privilege of his library has been of immense benefit to the school.

We shall be pleased to receive contributions of books, pamphlets, rare old papers, and pictures of prominent authors, statesmen, educators, divines, lawyers, physicians, artisans, musicians, as well as those who distinguish themselves in any other of the honorable pursuits of life. These will have a conspicuous place assigned them in the college.

THE "STEVENS MEDAL."

The Faculty again tender their acknowledgments to J. P. Stevens & Co., the well known jewelers of Atlanta, for the gold medal that is

given by them each year, to be worn by that student of this college who has the best record in the different departments. The medal for 1880-81 has been awarded to Charles G. Power, of Milton county.

A FEATURE,

DISTINCTIVE, VALUABLE, UNEQUALLED.

This institution has a place for a pupil of any grade of scholarship, from the first term or class of the Primary Department, through the Senior class of the Bachelor of Arts course. Hence, the value to families. Parents, with sons and daughters, from five to twenty-five years of age, do come and take up their residence here for these advantages, and thus enjoy, while their children are being educated, the blessings of a family with all at home—freedom from anxiety for children sick at a distant boarding-school—the influence of home and of parents, valuable to sons, essential to daughters—and the influence of an unconscious education of the younger pupils, which is derived from their observation of the manners, the proper language, the propriety of dress, which they daily witness in the older and better cultivated pupils, and the attention and assistance and protection which older brothers and sisters can give to the younger when in the same school.

STUDENTS

To Whom Certificates of Competency to Teach were Issued 14th June, 1882, on Written Examination as Test of the same.

Belle Sutton.	G. T. Wills.	Ed Worley.
Jos. W. Boyd.	W. W. Tyson.	E. H. Wood.
Oscar Brown.	Jno. Everett.	R. L. Longstreet.
R. J. Hutcheson.	Chas. Farber.	J. M. Hill.
T. S. Coffee.	A. B. Harrell.	W. T. Swanson.
G. H. Frey.	T. J. Barber.	F. C. Hunt.
W. F. Jones.	R. E. Junkin.	W. A. Jones.
E. R. Barber.	H. E. Hunter.	J. D. Cobb.
W. R. Gazaway.	J. M. Whelchel.	W. E. Woods.
B. D. Power.	H. M. Gowder.	W. A. Mathews.
R. D. Abernathy.	M. G. Head.	W. A. Hill.
Rada Mathews.	G. B. Mathews.	Charity May.
Joanna Gaddis.	J. F. Wills.	Fannie May.
J. A. Wills.	Doris Stow.	Massie Wills.
Cadie Price.	Sallie Whelchel.	Julia Bearden.
J. M. Prickett.	R. C. Dobbs.	W. C. Martin.

GRADUATES

Of the NORTH GEORGIA AGRICULTURAL COLLEGE for 1878.

(Receiving Degree of A. B.)

M. G. Bates,	Murray county.
N. R. Coffee,	Gordon county.
G. W. Collier,	Fulton county.
W. F. Crusselle,	Fulton county.
E. B. Earl,	Floyd county.
J. R. Gray,	Bartow county.
W. D. Harris,	Murray county.
Miss Willie Lewis,	Lumpkin county.
O. N. Starr,	Gordon county.
Trammell Starr,	Gordon county.

GRADUATES OF 1879.

(Receiving Degree of A. B.)

J. H. Abernathy,	Fulton county.
J. W. Henly,	Murray county.

GRADUATE IN YOUNG LADIES' COURSE.

Miss Lizzie Chapman,	Lumpkin county.
----------------------	-----------------

GRADUATES OF 1880.

(Receiving Degree of A. B.)

J. J. Gaillard,	Spalding county.
Miss Mary Lewis,	Lumpkin county.
H. E. Wilson,	Effingham county.
W. S. Wilson,	Effingham county.

GRADUATES OF 1881.

(Receiving Degree of A. B.)

C. E. Watt,	Butler county Ala.
C. G. Power,	Cobb county.
Miss Sallie G. Davis,	Lumpkin county.

GRADUATES IN YOUNG LADIES' COURSE.

Miss Fannie McDaniel,	Carroll county.
Miss Lizzie Hutchins,	Lumpkin county.

GRADUATES OF 1882.

(Receiving Degree of A. B.)

Calvin Henderson,	Paulding county.
Micollins N. Stow,	Lumpkin county.
Lewis C. Peeples,	Terrell county.
William E. Mann,	Floyd county.
George M. Napier,	Walker county.

GOVERNMENT.

The following rules have been adopted for the government of the College, and others will be added when deemed advisable:

1. Whilst the College is in session the students are under the direction of the Faculty.

2. Pupils may enter the College at any time during the session, but it is advisable that they should enter at the beginning of a term. The reasons for this rule are too many and obvious to be repeated.

3. Every pupil is required to attend the opening exercises every morning, or to be marked for neglect or tardiness, unless excused.

4. The Holy Bible shall never be excluded from among the books that are used in the Institution.

5. As divine service is held nearly every Sabbath in the year in the churches of the village, it is expected that each student will attend divine service at least once every Sabbath; and for irreverent behavior while attending church, shall be suspended, or otherwise punished, according to the offense.

6. Regular attendance upon recitations is so important that none will be excused, except where necessity will justify their absence.

7. No pupil shall be allowed to leave before the close of the session, except upon the request or permission of the parent or guardian.

8. No student shall be received of known immoral habits, nor where they have been expelled from other institutions, except upon satisfactory evidence of reformation, which will be determined by the Board of Trustees.

9. Strict attention to study, and punctuality in attendance on lectures, recitations and other duties, will be made the condition of every student's continuance at the College, except where they are broken off by the requirements of the farm or other home demands. During their stay within the town, no student will be allowed to devote the hours of study to idleness and vagrancy.

10. Students are required quietly to take their places in the recitation room at the appointed times; to attend closely to the exercises of the hour—not whispering or communicating in any manner with each other—and when the exercise is over, to retire in a quiet and respectful manner.

11. The habit of contracting debts at stores—except for necessary books and stationery, and of hiring horses or vehicles—except on business approved by the Faculty—is strictly forbidden, unless with the knowledge and permission of parent or guardian in writing.

12. The use of spirituous or intoxicating liquors is strictly forbidden and if any student is known to have, drink, or procure the same for himself or to furnish it to another student, or to assist another student

to obtain it, he shall be suspended for three months, or expelled.

13. A student who shall offer or accept a challenge to fight, or in any way aid, abet, or promote a duel, or upbraid another for declining to fight, shall be expelled.

14. Pupils are prohibited from entering into combinations under whatever pretext, for the purpose of disturbance, or for violating or evading any authorized rule or order. Any one engaging in riotous conduct, or becoming a party to an agreement to hold no intercourse with a fellow-student, or to do any act to the prejudice of good order and gentlemanly bearing, shall be suspended or expelled, according to the aggravation of the offense. Propriety of behavior is enjoined upon students at all times and places.

15. No pupil will be allowed to play cards, or bet, or wager money, or any other thing of value, upon games of chance.

16. Each student is required, on entering the College to deliver to the Commandant of Cadets any pistol or other weapon he may have in his possession, nor is any student allowed to keep or have under his control any such weapon, neither his own nor that of another; and any one drawing or using such weapon against another, will be expelled.

17. Profane swearing, or corrupt language, and defacing the walls, will receive prompt punishment. And all offences against good morals, and all irregularities or neglects, to the prejudice of good order and gentlemanly bearing, though not herein enumerated, will be taken cognizance of, according to the nature and degree of the offense.

18. Cleanliness is strictly enjoined, and it is expected in every instance that male students will wait upon themselves, polish their own shoes, dust their own clothing, and make their own fires. Young ladies, whether boarding at the institution or in families in the village, will be expected to keep their rooms in perfect order, and to perform all other domestic duties that may properly fall upon them to do. These things are enjoined and expected, because one of the prime objects in view is to teach the young men and young ladies of the country the importance of self-reliance and self-dependence.

19. No student shall be allowed to engage in any concerts, charades, exhibitions or minstrelsies. Nor shall any student while connected with the institution, be allowed to attend balls, or loiter about places of dissipation, nor attend circuses, without the consent of the parent or guardian.

20. All damage to the college building, breakage of seats or window-glass, shall be immediately repaired by the pupil committing the same, or by his or her parent or guardian. On failure to repair or pay for the same the student shall be expelled from the school, and not allowed to enter again until the amount is paid or damage repaired.

29. No student is allowed to discontinue his connection with the College before the term is out, without the express consent of the Faculty. In the case of non-resident students, they will be under the

jurisdiction of the Faculty until they leave the town. Where a pupil absents himself without leave, his name will appear in the catalogue as EXPELLED.

22. No male student shall be excused from the rules governing the military department of the College except for physical disability; that they are thus excused will appear in the catalogue.

23. No student is allowed to smoke on the streets of the town, on piazzas or grounds fronting the streets, on the college grounds, nor in the college rooms or halls.

24. Study hours, when students are required to be at their studies in their rooms, or engaged in some other duty, are from 8 a. m. to 12:30 p. m., from 2 p. m. to 4 p. m., and from half an hour after sunset to 9 p. m. During the day, Saturdays, study hours are only enforced until 11 a. m. Students are allowed to retire at 9:30 p. m., and unless on duty will never leave their rooms after 10 p. m.
